

NORTHWEST REGION SENIOR PROGRAM

ALPINE

NORDIC

AUXILLARY

“The Senior Program gave me the confidence to handle a toboggan on any terrain. Helped me to improve my skiing skills especially in crud and it built friendships with patrollers from around the area. The EMM Module part helped to improve my leadership skills during a complex medical environment.”

“The Senior EMM Module has helped expand my skills during complex situations on and off the hill. Opportunities to sharpen decision making, problem management and leadership abound and have enhanced my personal career as well as my ability to be a better Patroller.”

The Region would like to invite any and all who are interested in raising the bar on their skills as patroller’s to join us this season for the Senior Program. National Ski Patrol designed the program to provide a forum which patrollers can enhance personal skiing/snowboarding and toboggan handling proficiency, improve their ability to manage emergency scenarios, and expand their overall patrolling knowledge and skills. Alpine, Auxillary and Nordic programs are offered with a variety of electives to choose from.

This is a great way to upgrade your skills, have fun and gain camaraderie by skiing and training with patrollers from all over the Northwest Region

Please contact your patrol’s Senior Advisor or Patrol Director or Nicole Dodge, NW Region Senior Advisor, for specifics on the program, any questions and how to get you started in the program.
