Shadowing: Patrol, Aid Room
Skills: Radio Comms, OEC w/ adult patrol Scenarios, Wayfinding, Knots, inventory

Once completed, this document certifies that the YAP has completed the Crystal Mountain YAP 1&2 program (or patrol director designated equivalent). This document also serves as an official transcript, should the above YAP candidate wish to transfer to another resort.

The YAP2 program is a special interim program at Crystal which is due to the extreme technical nature of the terrain & complex nature of extrication/patient care as a result *. As YAP2, this patroller was assigned an adult patrol mentor at Crystal Mountain, who supervised on scene hands-on patient care. This mentor ran the sled from the scene in as the YAP2 is only permitted to run sleds after completing OET at age 21.

*For context, Crystal Mountain Resort is designated in the PNW region for senior's terrain training and due to it's extreme technical nature is often more advanced than many seniors candidates are accustomed to.
